* Parcels A, B, and C are enrolled in an Agricultural Preservation District (APD) which was renewed for a five year period in April 2003, and will be subject to possible removal by the owners in April 2008. Wyoming may consider these parcels for annexation when and if the APD is removed by the owners, but only with the property owner's consent. A plan amendment will not be required, unless five years have passed between the date of plan certification and the application for annexation.
